Well, continuing with the volleyball terms in the chapter we had a few new terms so I'll be doing these glossary pages if I see something that needs an explanation or if there's anything that needs to be added here. **And Out Right Positions of Modern**

Player specialization

There are five positions filled on every volleyball team at the elite level: **Setter, Outside Hitter/Left Side Hitter, Middle Hitter and Opposite Hitter/Right Side Hitter and Libero/Defensive Specialist**. Each of these positions plays a specific, key role in winning a volleyball match.

* **Setters** have the task for orchestrating the offense of the team. They aim for second touch and their main responsibility is to place the ball in the air where the attackers can place the ball into the opponents' court for a point. They have to be able to operate with the hitters, manage the tempo of their side of the court and choose the right attackers to set. Setters need to have swift and skilful appraisal and tactical accuracy, and must be quick at moving around the court.

* **Liberos** are defensive players, who are responsible for receiving the attack or serve and are usually the players on the court with the quickest reaction time and best passing skills. Libero means 'free' as they have the ability to substitute for any other player on the court during each play. They do not necessarily need to be tall, as they never play at the net, which allows shorter players with strong passing and defensive skills to excel in the position and play an important role in the team's success. A player designated as a libero for a match may not play other roles during that match. Liberos wear a different colour jersey than their teammates.

* **Middle blockers or Middle hitters** are players that can perform very fast attacks that usually take place near the setter. They are specialized in blocking, since they must attempt to stop equally fast plays from their opponents and then quickly set up a double block at the sides of the court. In non-beginners play, every team will have two middle hitters.

* **Outside hitters** attack from near the left antenna. Since most sets to the outside are high, the outside hitter may take a longer approach, always starting from outside the court sideline. In non-beginners play, there are again two outside hitters on every team in every match.

* **Opposite hitters or Right side hitters** carry the offensive workload for a volleyball team. Their primary responsibilities are to attack the ball from the right side and to put up a well formed block against the opponents' Outside Hitters. This player hits the most balls on the team. He/she is set from the front row and the back row. Sets to the opposite usually go to the right side.

volleyball with the
three of us in order
to forget about what
happened to Akai*

*but I really can't
do anything else,
so it can't be
helped.*

*It's unfortunate
for me to say that
the reason is that
I was sick of those
guys who had
an evaluation
challenge...*

*Akai will
leave the team
today*

It's as he can donate himself to being the trainer for the girl's team starting his second year.

But if it was just that, there would've been no need to quit.

It seems there was a request from the school for some someone here as a trainer.

Because of that disposition about the misunderstanding when he was looking next over in the bathroom during the Vicer's game.

He's probably planning to keep an eye on her soon during practices.

Anki probably didn't want a repeat with her of what happened to her when she did. Because she wouldn't need the car with her injured foot.

IS HE THE ONE WHO ASKED YOU TO BRING HIM ALL THE VOLLEYBALLS HE'S CLIMB IN THE PARKING GARAGE?

IT'S STILL DIFFICULT TO TELL THEM THAT ANGE'S GETTING ANGRY!

*In comparison,
I believe I was
still alive to get
in that way!*

*When Aoki told
everyone he was
retiring,*

*it seems like we can
did any word prying
into the matter. They
just said "You were
really prepared," and
"You decided because
of circumstances,
didn't you?"*

*It's not normal
to be treated by
your friends that
much.*

*I become just a
little more of an
adult*

*It'd be great if
after entering
here,*

...will never steal...

*...the thing
Aniki truly
wants.*

OK.

WOW! WHAT DO YOU THINK ABOUT THAT?

*I secretly
love in my
heart.*

*That's
the one
thing.*

*Though
I'll have to
try hard to
do so.*

SENSOKU-SENPAI FAVORITE READING, THE "MONTHLY VOLLEYBALL HEAVEN." HIS FAVORITE SECTION IS THE VOLLEYBALL SENRYU, AND HE'S ACTUALLY A REGULAR SUBMITTER THERE. [SENRYU ARE HUMOROUS 4-16]

THE ALTERNATE APPEARANCE OF
YURASI WHO OFTEN APPEARS

3CASA (PRONOUNCED "YIKASA") VOLLEYBALLS. THEY'RE A FAMOUS BRAND OF BALLS THAT RYUUS MOLIO (PRONOUNCED "MOUTEN"), ORGANIZED TOURNAMENTS ALL USE 3CASA'S BALLS. NERT'S ALSO INTERESTED IN THESE.

THE BRANCH STORE LOCATED IN ASAHIDANI OF THE NATIONAL SPORTS SUPPLIES CHAIN STORE MURAKAMI SPORTS. THE OWNER OF THE STORE IS MARY'S FORMER TEAMMATE MIKO KIKOKO. SHE'S ALSO A GRADUATE FROM KOKUNOU VALLEY.

YURASU'S HANDMADE BENTOU. IT WAS MADE NOT TO GIVE TO SHIGERU, BUT RATHER ONLY SO AT THE END, HE CAN ENJOY WATCHING THE GAME FROM THE SIDE WHILE EATING. THE TASTE IS THAT OF A SHOUKADOU-BENTOU AND IT'S RUMORED TO BE LIGHT AND WONDERFUL. [SHOUKADOU-BENTOU ARE THE TYPE OF BENTOU WITH SEPARATE SECTIONS.]

Even if it's

AT THE HAKUNZAN MIDDLE
SCHOOL, ONLY THE VENDING

SHIBUKI'S SPORTS AND
